

Our strength is our shared experience

Joint statement from Harrow Parent Forum and Special Needs Community

Due to personal reasons, Olivia will be stepping down as Secretary of Harrow Parent Forum (HPF) and no longer be part of the steering group or its day to day operational running, effective from 1st April 2020. This has provided us with an opportunity to review the way in which HPF as the recognised Department for Education Forum work. It has been decided that HPF become an independent forum. SNC will also cease to manage HPF's grant funds in the coming financial year and the two organisations will be completely separate. Olivia will continue as the Director of SNC and the two groups will continue to dedicate themselves to serving the local SEND community in their different but purposeful and effective ways.

Members of the steering group of HPF will now be attending all strategic meetings and will work in partnership with service providers to ensure that our children and young people with SEND are provided with the right services to meet their needs.

The steering group on behalf of the wider forum would like to thank Olivia for the work she has done and wish her well for the future

Any requests and queries relating to parent participation work and co-production on SEND related issues should be directed to the current members of the steering group team of HPF to allow for a smooth transition.
